China Communications Re-examination Requirements

Topics

Students should choose **one** of the following topics for their report:

1. **AI-Driven Communication**
2. **Communication Networks in Industrial IoT (IIoT)**
3. **A Comparative Study of Cellular Generations (1G to 5G) and the Road to 6G**
4. **IPv6 Deployment in China**

Writing Requirements

- **Length**: 3000–5000 words
- **References**: At least 5 credible references (IEEE, ACM, or other authoritative sources)
- **Content**:
  - Include visuals such as figures, tables, and charts where appropriate
  - Demonstrate your own understanding and independent judgment, not just summarization
  - Clearly explain technical terms and connect them with real-world cases or applications
- **Academic Integrity**:
  - AIGC-generated content must **not exceed 40%**. Any report exceeding this threshold will be graded as **Fail**.
  - Proper citation of all external sources is mandatory.

Deadline

- **September 14, 2025**

Submission

- Submit your final report in **PDF or Word format** via email:
  zhezhang@njupt.edu.cn
